

# ENROLL US!

We Want to Be a Partner in EPA's  
National Partnership for Environmental Priorities

## IDENTIFYING INFORMATION

Name of Organization: Lufkin Industries, Inc.  
Principal Contact: Ty Thornton  
Authorizing Official: Jared Satterwhite  
Address: 435 Jefferson Street  
Phone/Fax: (936) 633-3961 / (936) 637-5475  
EPA RCRA ID Number: TXD008090375

Facility Name: Foundry & Power Transmission Divisions  
Title: EHS Specialist  
Title: EHS Manager  
City/State/Zip: Lufkin, TX 75902  
Email: tthornton@lufkin.com  
Date: May 01, 2006

## PARTNER AGREEMENT

Our organization is choosing to become a partner in EPA's National Partnership for Environmental Priorities. Our goal is to reduce the quantity of one or more Priority Chemicals currently found in our products, processes, or releases using techniques such as source reduction, recycling, or other materials management practices. In this enrollment application, we identify one or more voluntary goals that we believe we can achieve as partners in this program. The voluntary goal(s) provided below is an initial estimate and may change over time. We may revise our goal(s) or withdraw from the program at any time. If/when we choose to revise our goals or withdraw from the program, we will notify EPA.

**GOAL #1. Chemical Name:** Mercury **CASRN:** 7439-97-6

**Narrative description of proposed project:** \_\_\_\_\_

Replace spent hazardous lamps with non-hazardous lamps where applicable. Begin sending spent hazardous lamps to a recycler instead of disposing of them as hazardous waste.

**How we will measure success:** \_\_\_\_\_

We will inventory spent hazardous lamps as they are generated and will manifest them each time they are shipped for recycling.  
We expect to see the quantity generated and shipped to decline to a minimum over time.

1a. Our voluntary **source reduction** goal for Chemical # \_\_\_\_\_ is to reduce the amount of this chemical generated/used from a baseline amount of \_\_\_\_\_ pounds in \_\_\_\_\_ (month/year) to a reduced amount of \_\_\_\_\_ pounds generated/used by \_\_\_\_\_ (month/year).

1b. To accomplish this goal, we will use the following source reduction options (check all that apply):

<input type="checkbox"/> Equipment or technology modifications.	<input type="checkbox"/> Process or procedure modifications.
<input type="checkbox"/> Reformulation or redesign of products.	<input type="checkbox"/> Substitution of less toxic raw materials.
<input type="checkbox"/> Improvements in inventory control.	<input type="checkbox"/> Improvements in maintenance/housekeeping practices.
<input type="checkbox"/> Other (describe): _____	

2a. In addition to, or in lieu of using source reduction methods, our voluntary **recycling or recovery** goal for Chemical # 1 is to increase the recycled or recovered quantity of this chemical from a baseline amount of 0 pounds in June, 2006 (month/year) to an increased quantity of 1 pounds by June, 2007 (month/year).

2b. To accomplish this recycling or recovery goal, we will use the following options (check all that apply):

<input type="checkbox"/> Direct use/reuse in a process to make a product.
<input type="checkbox"/> Processing the waste to recover or regenerate a usable product.
<input type="checkbox"/> Using/reusing waste as a substitute for a commercial product.
<input checked="" type="checkbox"/> Other (describe): <u>Ship spent hazardous lamps off-site for recycling instead of disposing as hazardous waste.</u>
